We should ask Elliott what he needs to give final concurrence. It may be that we are done but a final check is important. Mike can you do that?

I have reviewed Elliott's additional notes and either answered his questions or made additional edits in response (as seen in the version on the SharePoint). What is the next step to get OGC concurrence? Elliott looks at it yet again?

Thanks,

Claudia

Thank you all for the quick response to my comments. I sent most of the follow up comments to Claudia earlier today and have now finished my review of the responses to my earlier comments with only a few additional notes.

**Importance:** High

Elliott,

Thanks for the heads up on the remote access issue, we have a potentially significant snowstorm coming this weekend and many of us may have to be working remotely on Monday. Hopefully it's resolved quickly. Anyway, if you must review it offline and have not already started looking at it, please look at the attached version instead. The version I sent previously was missing a more recent edit by Mike Boydston.

Thank you,

Claudia

There is an issue with accessing it remotely.

Hi Elliott —

The version on Sharepoint now contains our responses to your comments.  
Thanks to Claudia for the tremendous effort here. Would you be able to look at it and complete your review by COB tomorrow? Ideally we'd like to be able to turn it around early Monday and clean it up for OAR review.
